

FTGDCA Junior Alcohol Policy

The consumption of alcohol at all junior games shall only be permitted inside licensed clubrooms & within each of the venues 'red line areas' in accordance with club & venue liquor licences.

Under no circumstances shall alcohol possession and consumption be permitted other than inside the red line area before, during or after junior matches. Host clubs shall be responsible for ensuring that the supply, possession and consumption of alcohol is in accordance with their liquor licence and local laws.

Clubs/licensees shall not cause or permit undue detriment to the amenity of the area to arise out of, or in connection with the uses of their premises to which their licence relates during or immediately after junior matches & trading hours. All clubs shall also be responsible for the conduct of their own members, supporters and followers.

Breaches of this policy may attract monetary fines and other penalties at the discretion of the full FTGDCA Executive.

Please ensure that your club members and junior parents are both aware and compliant with local laws, club liquor licences and the FTGDCA Junior Alcohol Policy.
